GOVERNMENT OF MYSORE

THE PALACE,
MYSORE.

D.O.No.20

7th July 1919.

Dear Mr. Madhava Rao,

Referring to Government Order No.G6758-62/ - G.M.348-17-1 dated 21st November 1917, I am directed to inform you that it was found necessary to run another street loop of ten lights in continuation of the lights in the "Narasimharaja Boulevard" towards Lalithadri at an initial cost of Rs.5,597/- (Rupees five thousand five hundred & ninety seven only). As Lalithadri is resorted to largely by the public, the initial cost and the maintenance charges of the installation are debitable to Government as in the case of eight lights referred to in the Government Order above. I am therefore to request you to kindly take necessary action in the matter, with the approval of the Dewan.

Yours sincerely,

N. Madhava Rao

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Will, if approved, be sent to Chief Secy for necessary action. Previous papers are put up for reference.

Dewan's Secy. 9/7

REPLY.

(To be written on this margin.)

D. 870

Office of the Dewan of Mysore.

NOTE.

Dated.....12th.....July.....*1919*.

Demi-official letter No.26 dated 7th July 1919 from Mr. T. Thumboo Chetty in regard to debiting to Government the cost of ten additional street lights installed in Mysore in continuation of "Narasimharaja Boulevard", towards Lalithadri.

Forwarded, with compliments, to the Chief Secretary for necessary action.

By order,

Private Secretary to Dewan.

The Chief Secretary to Govt.

2) Dr Hecht pncurrence before issue

21/7/19

1) No objection to the maintenance charges being debited to Genl admn as in previous cases.

2) The initial cost of the 8 lights referred to in D.O. of 21.11.1917 was presumably met from Palace funds. A similar rule of incidence should be adopted in the present case, or the P.W.D. (Electrical dept) or the Municipality addressed in the matter of bearing the said charges.

Hecht)

22/7/19.

3) I agree. If the cost of power consumed is a sufficient return on Capital I think the initial expenditure should be treated as the Capital charge of the Electrical Dept on "Interior Power and Lighting lines"

UO no: E-D-S 96 of 7-8-19.

Returned, with compliments, to the Chief Secretary to Government-

2. It is doubtful whether the initial cost of the 8 street lights originally installed in the - road was borne by the Palace Department or - - General Administration. The power bills are -- paid by General Administration - vide G.O. dated 21st November 1917.

The charges incurred on the additional 10 -- lights may be similarly dealt with-

3. The Financial Secretary has remarked that - the initial expenditure should be treated as - - capital charge of the Electrical Department, provided the cost of power supplied yielded an adequate return on capital. But the calculated return on the 10 lights is only 5 per cent or so. Estimates are not sanctioned under "Interior - - Power and Lighting", unless the revenue derived - from the power supply is 25 per cent and above. - And so, the initial cost of these installations - may not be charged to "Interior Power and Lighting"-

Secretary to Government,
Public Works Department
